

Dylan's Rare Chromosome Dream Team Inc.

THIRD ANNUAL FUNDRAISER

DATE:

JUNE 13, 2026

LOCATION:

MULCAHY'S

TIME:

12:00PM - 4:00PM

We are raising funds to further research and increase awareness for Rare Chromosome and Gene Disorders. We draw our inspiration from the brave journey of four-year-old Dylan Nikol. We founded this organization to shine a light on the rare and little-understood condition of 6p duplication (partial trisomy 6). With extremely limited research and scarce literature available, Dylan's story embodies the spirit of others who navigate the unknowns of rare chromosomal disorders, as the impacts on development and health remain predominantly unknown.

Scan the QR code to learn more about our story and become part of "the dream." Together, we can make a lasting impact!

HOW CAN YOU HELP?
